

Crystal River Middle School 2017-2018

Basic Student Supply List

Due to students' individual schedules and staffing changes during the summer, we are only able to provide you with a basic list of materials that all students will need to start the year. Once students meet their teachers, they may be requested to bring in additional materials to meet specific course requirements.

Please, **DO NOT** buy expensive notebooks or designer supplies. We are happy when your child comes to school with paper, pen and pencil, their homework and a desire to learn! Dollar Tree, Dollar General, Wal-Mart, K-Mart, Big Lots, Office Max and other such stores are an ideal place to get supplies. We also have a school supply store in the library where students can pick up supplies throughout the year.

Please stock up on paper, pens and pencils at sale prices to keep your child in stock throughout the year. (School supplies are excellent stocking stuffers for the holidays!)

If you are not able to provide any of these materials for your child, please contact the Crystal River Middle School guidance department for assistance at 795-2116 ext. 5234.
