

Connecting an iPad to Home WIFI

1. Go to Settings and connect to home WIFI network.

Open the iBoss App (or type in the address <https://iboss.citruschools.org/mobileLogin>)

1. The iBoss login screen should appear.

2. Type in your network login:

Username is last name first initial and last three digits of student number.

Example: chambersj567

Password is capital S lower case t and student number.

Example: St1234567

3. You should now be able to use the Internet or access email.
